FOREWORD

The Dhaka University Library has a large collection of ancient and medieval manuscripts written in Sanskrit, Bengali, Arabic, Persian, Urdu, Maithaili, Oriya and Hindi. Collection and preservation of valuable and rare manuscripts started since the inception of the University of Dhaka. To date the number of manuscripts in the Dhaka University Library stands at more than 30,000 of which 21,000 have been identified. The Keeper and the Research Officers of the manuscript section of the Library put in their best efforts in publishing descriptive and alphabetical indexes of the identified manuscripts. These indexes are being utilised by researchers, home and abroad.

The current volume is the 2nd part of Alphabetical Index of Bengali Manuscripts which followed identical format used in Part I published in 1985. A total number of 1939 Bengali manuscripts are included in this volume. I am confident that this will widen the horizon of the scholars working on subjects like ancient and medieval language and literature and also in the field of social, anthropological and ayurvedik science.

May 16, 1991.

Acting Librarian

INTRODUCTION

AN ALPHABETICAL INDEX OF BENGALI MANUSCRIPTS IN THE DHAKA UNIVERSITY LIBRARY PART I was published in 1985. After about six years the Part II of the INDEX is now being published. As I mentioned in the Introduction of the Part I "it is not a list merely of Manuscripts, but it also provides information pertaining to each manuscript in the following manner :

(a) Title; (b) Author; (c) Folios; (d) Date; (e) Complete/ Incomplete; (f) Subject; (g) Size; (h) Call number.

In this Part II of the Index a total of 1,939 Manuscripts are included. Babu Krishana Das Acharyy, then Jaminder of Muktagacha, donated 882 manuscripts to the Dhaka University Library. Call nos. K-1 to K-579 were given for this Collection; there being more than one manuscripts under one Call number. Information about 882 manuscripts of this collection are included in this volume of the Index.

Besides, information about 1439 manuscripts under Call Nos. 2900 to 3100 and 6300 to 6851 are also given in this volume. It may be mentioned that many of these unidentified Bengali Manuscripts were mixed up with Sanskrit manuscripts in the same bundle. The research officers identified these and have compiled relevant information. The source of these manuscripts are not indicated in the bundles and could not be traced in the records. The Author and Subject Indexes are given in Appendix A and B respectively. I would request the readers of this Part II of the Index to please refer to my Introduction of the Part I (pp. VI-X) for a brief History of the Manuscript Section of the Dhaka University Library.

I am happy to be able to say that the present Part II of the Index was compiled by :

|-------------------------|-----------------------|
| 1. Syeda Farida Parvin | Keeper of Manuscripts |
| 2. Dr. Kalpana Halder | Research Officer |
| 3. Syed Ali Akbor | Research Officer |
| 4. Mrs. Shaheen Sultana | Research Officer. |

of the Manuscript Section, under my general supervision. Like the compilers of the Part I, they have also done an excellent job. I sincerely hope this compilation will be very useful for the scholars.

I believe, by compiling and publishing subsequent volumes the Manuscript Section will continue to be of meaningful assistance to our scholars.
